Destinations: Gold Coast

Get ready for a day of incredible experiences as we visit the world-renowned Q1 Tower in Surfers Paradise. Known as the "Top of the Gold Coast," this architectural marvel is one of the world's tallest residential towers, standing tall with 80 floors and 526 modern apartments. We are checking in and we'll board the lift that will take you to the Observation Deck on the 77th and 78th floors. In just 43 seconds, you'll reach the top and be treated to panoramic views that will leave you speechless! Your adventure begins with a lovely morning tea with an excellent view of the Gold Coast.

After taking in the views, we'll head to Broadbeach Surf Club for a delicious lunch. Relax and unwind over a few drinks, soaking in the atmosphere before we make our way home. Time to put your toes into ocean.
